

Road to Tokyo - Bike Rides

We are planning two bike rides, a 50km ride on the morning of Sunday 13th June, and a 100km ride on Sunday 11th July. There will also be ad hoc evening rides each week throughout the month. All rides will start and finish at the school.

The rides will be on relatively flat terrain, and will include an essential coffee/cake stop around the midway point. The rides will be relaxed and there will be plenty of time to chat as we explore our beautiful locality.

The ride organisers will bring basic tools along to ensure any unforeseen problems can be dealt with on the roadside.

You'll need a bike that is good working order, weather appropriate clothing, a helmet, a water bottle and snacks.

If you can't make the organised rides but would like to contribute to the event mileage total, we will post gpx files of the routes.

If you aren't sure whether this event is for you or if have any further questions then please feel free to get in touch with either Dan Gilchrist or Tom Moore, or email pta@stannesfulshaw.net. More information such as start time and routes will be posted a few days before the rides.
