School Lunches

We still have rather a lot of school lunch bills outstanding for this half term. Please could these be settled as soon as possible please? Several reminder texts have already been sent. Mrs Clark would appreciate payment on Monday 26th March to enable her to reconcile figures before we break up thank you.

Our league night matches for the netball and football teams have now finished.

We'll done to all the team members who have enjoyed playing all through the autumn and the spring. We are very proud of how well you have done and your sporting behaviour overall. After Easter we have a number of tournaments to end the season before we move into our summer sports. Huge thanks to Mr Harley, Miss Smith, Mrs Gilchrist and Mrs Lloyd who have given up their time to train with and manage the teams – we couldn't do it without you. Thank you from all the children, parents and staff.

Thank you to Mr Marshall who came into school and shared a presentation about natural disasters in New Zealand with Class 3 – they REALLY enjoyed it and appreciated you giving up your time to work with them.

TCET Update

The Headteachers and governors from the six schools seeking to form The Collaborative Educational Trust of Wilmslow (TCET) have continued to meet regularly since the recent public consultation. The feedback we have received is proving invaluable in helping us to develop our proposals so they are better able to achieve our ambitions and provide greater reassurance on the challenges that will be faced.

The TCET website has been updated with additional answers to some of the commonly asked questions that emerged during the consultation period. As communicated during the presentations there are still some questions that we are unable to answer at this point and we will therefore continue to update the website throughout the process.

In order to access the support of Department for Education project officers, the governing boards of the six schools have registered their interest in becoming academies. Work continues on the steps needed to access the project funding provided by an academy conversion grant. Members of our community can be reassured that these steps are only being taken to facilitate the design and build phase of the project. None of them commit any of the schools to academy conversion since this decision can only be taken by governing boards once all details have been determined and the full implications of such a decision are known.
