

Cared for Children Policy

St Anne's Fulshaw CE Primary School

Policy for Cared for Children

Rationale

- Many Cared for Children have suffered disrupted learning and may have missed extended periods of school. The gaps in their learning – and in many cases the emotional impact of their experiences – are likely to have become significant barriers to their progress.
- For many Cared for Children, school life can be challenging. They may find it harder to trust adults; their educational experience may have been disrupted; their capacity to build and maintain relationships and friendships may be impaired.
- A supportive school can be the key to their success and can enhance their life chances. School can provide stability, a safe place in a turbulent world, an opportunity to achieve, be successful and excel and a route towards a more successful future
- For our Cared for Children this school aims to provide positive experiences and to offer stability, safety, continuity, and individual care and attention.

Definition

Cared for Children can be –
Section 20 - Accommodated.

This means that the child/young person is looked after on a voluntarily basis. Parents have parental responsibility and there is agreement with the Local Authority (LA) about day to day care arrangements. There are no legal orders i.e. care proceedings have not been to court.

Section 31 – Full Care Order

This means that the child is looked after as a result of care proceedings in court. Parental responsibility is shared by the LA and parents. However, the LA can make all important decisions. It is advisable for those involved with the case to check any requests made by the parents with the Social Worker.

Section 38 – Interim Care Order

This means that the child is subject to ongoing court proceedings and assessments. The child has the same legal status as a child on a full care order but only for the time period during which the interim care order has been granted.

Children can live with foster carers or at home, with members of their extended family who have been approved as foster carers, or with parents under the Placed with Parents Regulations or in residential care.

If a child is privately fostered he or she is not a Cared for Child.
