

Year 5 and 6 residential trip
Malham Tarn Field Studies Centre

Dear Parents,

We have made arrangements for Years 5 and 6 to visit the Field Studies Centre at Malham Tarn in the Yorkshire Dales for our residential trip on 25-27th April 2022. We have visited the centre twice previously, and each time has been excellent fun.

We will be able to do a variety of activities during the three days, linked to science and geography, but mostly linked to being together, having fun and getting plenty of exercise in a beautiful setting in the fresh air.

We will give lots of information at a meeting in the spring, but in the first instance, you may like to look at the website, which is <https://www.field-studies-council.org/locations/malhamtarn/>

We are very excited to be able to organise this, as it is an important event in the children's experience at St Anne's Fulshaw, and staff and children have really missed going in the past two years.

To secure the booking, we need a deposit payment of £75 per child as soon as possible please, but certainly by Friday 19th November. The total cost of the trip will be £230.

NB Cheques must be payable to **Fulshaw CE Primary School** please. If you wish to pay by bank transfer, please contact Mrs Clark directly.

The schedule for payments due is as follows:

by 14 th January	£55
by 11 th February	£50
by 11 th March	£50

A payment card is attached to this letter, and Mrs Clark is more than happy to manage weekly or regular payments of whatever amount you wish. Of course, payment in full is also an option.

In the event of Covid preventing the trip from taking place, or an individual child from attending, then the Field Studies Centre have a full refund policy. The link to their Covid policy is here. <https://www.field-studies-council.org/fscs-procedures-for-covid-19/>

Many thanks for your ongoing support. The teachers are already getting excited!

Mrs Thomas, Mrs Lloyd and Mrs Chapman
