We are really looking forward to welcoming some of our Year 1 children back to school from Monday 22nd June. They will join our Keyworker Group and also our Reception children who started back this week. The organisation of pupils' return to school has been a mammoth task, and we very much appreciate the messages of support, encouragement and understanding from parents this week, recognising the efforts of staff in making it possible. As always, I am exceptionally proud of all the staff who have been in school caring for children not only this week, but throughout the whole period when schools have been 'closed'. Their creativity, dedication and ingenuity has been tested at times but as always they have worked towards making what has seemed impossible at times, possible.
